Re: Notice of Intent to File Civil Administrative Complaint against
GDB International, Incorporated
EPA I.D. Nos: ILR000159681
ILR000140921

Dear Mr. Phillips:

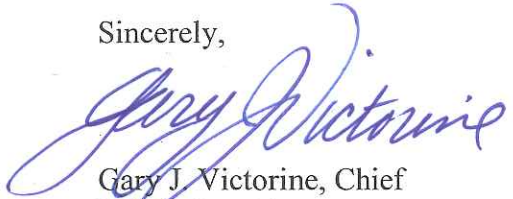

Pursuant to Section 3008(a) (2) of the Resource Conservation and Recovery Act (RCRA), as amended, I am providing notice to you that the U.S. Environmental Protection Agency is preparing to issue an Administrative Complaint under Section 3008(a) (1) to GDB International, Incorporated (GDB) for two locations: 1) 17396 Mockingbird Road, Nashville, Illinois, and 2) 12578 Route 127, Nashville, Illinois. The Administrative Complaint is a result of the violations noted by EPA during the inspection of April 22nd and 23rd, 2015, at both of GDB's locations in Nashville, Illinois.

EPA determined that the nature of the violations classified GDB as a significant non-complier, as defined in EPA's 1996 Hazardous Waste Civil Enforcement Response Policy (ERP), due to substantial deviation from fundamental statutory and regulatory requirements of RCRA.

In accordance with Section 3008 of RCRA, 42 U.S.C. § 6928, and the Environmental Performance Partnership Agreement, this letter provides notice to Illinois EPA of our intent to file an Administrative Complaint against GDB. We anticipate seeking a monetary penalty as well as any injunctive relief necessary to protect human health and the environment.

If you have any questions regarding this letter, please contact Diane M. Sharrow, of my staff, at (312) 886-6199.

Sincerely,

Gary J. Victorine, Chief
RCRA Branch
